

## 4.1.6: What is your Digital Footprint?

Search for yourself on Google. If you have a common name, you might need to search for your name and the city you live in. For example Joanne Smith San Francisco.

1. What comes up in your Google search?
  2. What was the most surprising thing that you noticed?
  3. What are some actions you should take to maintain a positive digital footprint?
- 

### Solution Code
