

4.7.4: National Sports

In this exercise, you'll be making a table to show information about different countries' national sport.

STARTER CODE

The given web page shows a table with three rows. The first row contains the table headers that describe which information should be in each column. The second and third rows contain the information for an example country:

Country	National Sport	Established by Law?
Norway	Cross Country Skiing	No
Brazil	Capoeira	Yes

YOUR JOB

Add three more countries' national sports. You can find a list of the national sports here: https://en.wikipedia.org/wiki/National_sport
Include all the information for each country in the table (country name, sport name, established by law).

The table should have at least 5 countries in total.

BONUS CHALLENGE

Add extra columns to the table to describe more information about each sport!
Each new column should have its own table header describing the information in that column.

Solution Code

```
1 | <!DOCTYPE html>
2 | <html>
3 |     <head>
4 |         <title>National Sport</title>
5 |     </head>
6 |
7 |
```

```
<body>
  <h1>National Sports</h1>
  <table border="1">
    <tr>
      <th>Country</th>
      <th>National Sport</th>
      <th>Established by Law?</th>
    </tr>
    <tr>
      <td>Norway</td>
      <td>Cross Country Skiing</td>
      <td>No</td>
    </tr>
    <tr>
      <td>Brazil</td>
      <td>Capoeira</td>
      <td>Yes</td>
    </tr>
    <tr>
      <td>Nepal</td>
      <td>Volleyball</td>
      <td>Yes</td>
    </tr>
    <tr>
      <td>Japan</td>
      <td>Sumo</td>
      <td>No</td>
    </tr>
  </table>
```

```

38         <td>Anguilla</td>
39         <td>Yacht racing</td>
40         <td>No</td>
41     </tr>
42 </table>
</body>
</html>

```

Starter Code

```

1  <!DOCTYPE html>
2  <html>
3      <head>
4          <title>National Sport</title>
5      </head>
6
7      <body>
8          <h1>National Sports</h1>
9          <table border="1">
10             <tr>
11                 <th>Country</th>
12                 <th>National Sport</th>
13                 <th>Established by Law?</th>
14             </tr>
15             <tr>
16                 <td>Norway</td>
17                 <td>Cross Country Skiing</td>
18                 <td>No</td>
19             </tr>

```

```
20         <tr>
21             <td>Brazil</td>
22             <td>Capoeira</td>
23             <td>Yes</td>
24         </tr>
25     </table>
26 </body>
27 </html>
```
