

4.8.5: Style Your Class List

In this exercise, you'll use the `style` attribute to add some style to your Class Planning from lesson 7 - HTML Lists.

YOUR JOB:

Copy over your HTML from the Class Planning exercise, and then add the following styles:

1. Add a background color for the body
2. Make the header's font size 36px
3. Change the color of each outer list item
 - You can leave any nested list alone
4. Make the class you're most excited about ***bold and italic***
5. Any other styles you want to add!

Your Class Planning assignment is in lesson 7 - HTML Lists.

Solution Code

```
1  <!DOCTYPE html>
2  <html>
3      <head>
4          <title>Classes to Take</title>
5      </head>
6
7      <body style="background-color: #BlanchedAlmond">
8          <h1 style="font-size: 36px">Classes to Take</h1>
9          <ul>
10             <li style="color: #red">
11                 <strong><em>Band</em></strong>
